York University, Toronto, Canada

Bachelor of Arts Degree: Department of Political Science, 1996  
University of Waterloo, Canada

Citizenship: Canadian

## RESEARCH

### CURRENT RESEARCH PROJECTS

**Book Manuscript:** *Varieties of Austerity: The Impact of Austerity on Labour Market Policy and Collective Bargaining Institutions During the Eurozone Crisis in Greece, Portugal, Spain, Ireland and Italy*

*Varieties of Austerity* examines the impact of liberalizing structural reforms on the character of collective bargaining institutions and labour markets in the more crisis-ridden economies of Ireland and Southern Europe (Greece, Portugal, Italy and Spain). It brings together the literature on neoliberal constitutionalism and the more critical institutionalist literature within the varieties of capitalism (VoC) approach to comparative political economy.

## RESEARCH INTERESTS

European Development and Comparative Political Economy  
Labour Markets and Precarious Employment  
European Politics and Anti-Austerity Movements  
Labour Politics and Labour Movements
